Patents pending.

DURGO Air Admittance Valves

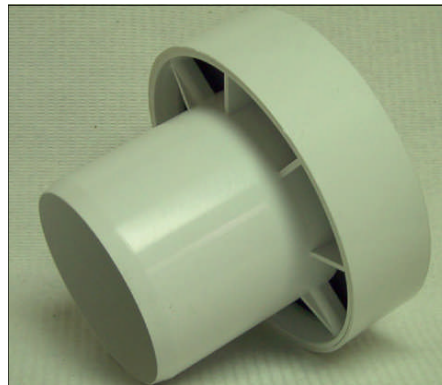

- Negative pressure in drain system is immediately neutralized upon demand.
- Quick closing valve-Creates less friction during opening/closing than any other AAV in the world!
- DOES NOT EXHIBIT THE “FLUTTERING” NOISE ASSOCIATED WITH THE COMPETITION.
- Can be off plumb by as much as 15 degrees and still operate properly.
- If installed in a wall cavity, a wall box+grill should be used to ensure free circulation of air.
- 20 year warranty.
